Dr. Stitsky

I want to thank you for all of the years that you have taken care of Forrest and myself. You are truly an exceptional doctor and a wonderful human being. You always listen, you always care. There is a lot to be said about that and I do appreciate all that you have done for us.

Fondly,
Bobby E.

Dear Dr. Stitsky & staff

I am writing to you to remind you, as I am certain you already are aware, you have the nicest and most competent office staff I have ever encountered. They have gone above and beyond assisting me with getting Daylen ready for school. I noticed the pamphlet you pass out says, "Old fashioned healthcare is finally coming back to the Palm Beaches." Not only yourself, but your entire staff adheres to that statement. I've passed your name on to my friends because your office was like no other I've met, including the 30 various law firms I deal with each on a daily basis. I thought it was worth mentioning this to you in a letter, because it is so rare to find same-day new-patient care with such hospitality. This is coming from a mother who has moved quite a bit and has personally experienced the other side of medical care that is not so "old-fashioned". These ladies are an asset to you in your already well-established family practice. Thanks for the great service.

Sincerely,
Shelly F.
